AF Search & Rescue Highlights **Combat Warriors Are Recognized**

The USAF continues to rely on its resilient and very tactful combat search and rescue community. First and foremost this year we must recognize our Airmen who paid the ultimate price for the rest of our freedom. On Jun 9, 2010 Pedro 66, an HH-60G operating from Bastion Air Base, Afghanistan was shot down attempting to MEDEVAC a critically injured soldier from Forward Operating Base Jackson, Helmand Province, Afghanistan. Our continued thoughts and prayers go out to the families of Capt David Wisniewski, 1Lt Joel Gentz, TSgt Michael Flores, SSgt David Smith and SrA Benjamin White who were all lost due to that tragic day. Our well wishes also go out to Capt Anthony Simone and MSgt Christopher Aguilera who survived the crash suffering critical injuries and continue on the long road to recovery. Following the incident, the TOML Foundation is proud to have been able to assist the family of SrA Benjamin White, his fiancée as well as SSgt David Smith's fiancée financially bridge the gap and travel to be with their loved ones in this time of crisis.

The accomplishments of USAF Combat Rescue were acknowledged in at least two documentary programs aired on national television channels. An increased acknowledgement of the risks that rescue warriors make in their day-to-day

missions only further accentuates the rationale for an organization that ensures these warriors and their families have a source for assistance when the ultimate sacrifice must be made.

These documentaries were:

Jul 2010 [Rescuing the War's Wounded: Inside the Lives Combat Paramedics](#) NBC Special

Aug 2010 [Rescue helicopter crews answer the call in Afghanistan](#) ACC/USAF

TOML Foundation Key Events (2010)

Our schedule for 2010 included numerous events that allowed the TOML Foundation to serve its warriors and families. With Deputy Executive Director Laura Lerdall's firm guide and ably complemented by our Board of Directors, advisers, and regional affiliates, TOML Foundation continues to be front and center supporting our USAF Rescue team. The following events in 2010 are some of the key events that allowed TOML Foundation, as an approved Internal Revenue Service 501(c)3 charity in Nevada, to continue its pursuit of unequalled support to its customers:

- 5 Apr [Poker Run to Benefit That Others May Live Foundation](#)
- 24 Apr [Moody Pararescuer Rides for Charity](#)
- 3 May [55th ROS Launches Angel Thunder w/ Charity Motorcycle Event at DM](#)
- 12-14 [Nellis CSAR Symposium ; Vintage Rescue](#)
- May [Modern Day Rescue Recap; Society of CSAR Banquet and Silent Auction; 3-Gun Shoot; Golf; BBQ](#)
- 27 May [Dade City Motocross To Host Event for That Others May Live Foundation](#)
- 10 Aug [Poker Run on Horseback Raises \\$2,000 for That Others May Live Foundation](#)
- 13 Oct [Golf Tournament Raises Over \\$8,000 for That Others May Live Foundation](#)
- 15 Oct [TOML Beneficiary Committee Commits / Allots \\$12,000+ Scholarships for 2011](#)

That Others May Live Foundation

Annual Report – Fiscal Year 2010

New TOML Foundation Board of Directors Structure

By the end of 2010, TOML Foundation, energized by Chairman Michael Agin, recruited new energy in the form of additional Board members and Advisers as well as instituting a re-organized Board of Directors so that upcoming challenges of reduced availability of financial support and continued depression of the US economy could be met. With the addition of a treasurer function and the recruitment of several key advisers, TOML Foundation built a viable 2011 budget and continued to improve its ability to find resources and personal energy to meet its mission. See Table 1 for the TOML Foundation Board of Director organization at the end of 2010. The Board additionally decided that a full-time Executive Director would be hired in 2011.

**Table 1 – TOML Foundation
Board of Directors**

	Category	Position	Name

Deputies	Deputy Executive Director	Laura	Lerdall	

Continued Strong Support from Beneficiary/Warfighter Liaisons

Beneficiary Liaison

The TOML Foundation supported 100% of those who applied for scholarships in Academic Year '10. The TOML Foundation distributed

over \$10,000 in scholarships; two of our beneficiaries graduated from post-secondary education following the Spring '11 semester. This was a first for the Foundation.

Our beneficiary support programs remain strong. In addition to providing post-secondary educational assistance and post-tragedy assistance (such as Pedro 66), we have instituted a Wounded Rescue Warrior Assistance program. This provides families eligibility for funding for our wounded warriors who spend time in long-term rehabilitation and recovery facilities.

We look forward to continuing to serve this community and we will continue to expand beneficiary support where there is an identified need.

Warfighter Liaison

Our Warfighter Liaison has reached out to not only our Active Duty Rescue Warfighters, but also to those in the Reserve Component as well. It is important to let them know how important they are to the Total Force Rescue Team and that the Foundation will serve their needs just as we do those of the Active Duty Force. Below are the goals of the Warfighter Liaison.

- Liaise between the Active Duty and Air Reserve Components of USAF Rescue units and the Foundation – track mission area statistics
- Support warfighter outreach activities
- Ensure Rescue Warriors are aware of Foundation benefits and services
- Assist units & families of fallen warriors in getting Foundation services they need
- Facilitate warfighter appreciation events
- Recurring care packages to each deployed unit
- Gear sales in each unit's booster club
- CSAR/PR Symposium at one base annually
- USAF PR Awards Program

That Others May Live Foundation

Annual Report – Fiscal Year 2010

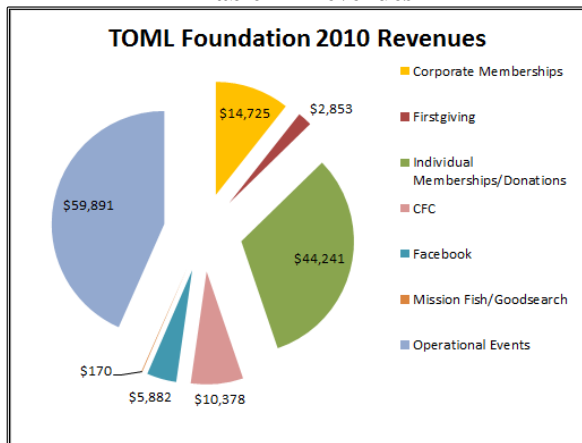

Financial Status

The TOML Foundation made 2010 one of its most financially solvent years. At the end of the year the Foundation had over \$150,000 in its savings account (rainy days do still occur) and over \$20,000 in its operations account.

Strong support from personal, federated campaign group donations, corporate sponsorships, and a very successful operations event calendar, provided the Foundation revenue in 2010 approaching \$130,000 (see Table 2)

Table 2 - Revenues

The very successful operations event calendar, where various charity events were held in the thirteen areas adjacent to our USAF Rescue Warrior locations brought in revenues that approached \$60,000. This very solvent financial situation not only allowed many of our constituency to directly support the Foundation in furthering its charity efforts, but used our best business asset, Rescue Warriors, to speak for the Foundation. Table 3 displays the revenues and costs in several support events:

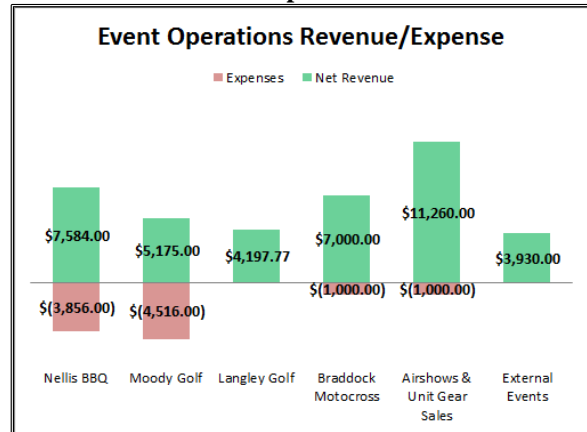

Nellis Appreciation BBQ

Angel Thunder Poker Run

Table 3 – Event Operations Financials

For 2011, a more aggressive program to gain personal and federated campaign group donations, corporate sponsorships, as well as more increased participation in operational charity events will allow adding a full-time Executive Director.

The 2010 filing with the IRS showed a continued advancement in financial solvency. Please see the four year history of the TOML Foundation in Table 4.

Table 4 – Four Year Financials

	2007	2008	2009	2010
Revenue	\$ 2,126.00	\$20,599.00	\$47,931.00	\$ 117,191.00
Assets	\$20,136.00	\$40,735.00	\$57,623.00	\$ 56,606.00
Liabilities	\$ -	\$ 3,375.00	\$ -	\$ -
Net Assets	\$22,226.00	\$37,360.00	\$57,623.00	\$172,484.00
Expenses	\$ -	\$ 2,971.00	\$47,604.00	\$ 1,313.00

Another area of improvement is that support provided by corporate donations/sponsorships as indicated by Table 5.

Finally, the true spirit and underpinning of the Foundation charity effort are those individuals who singularly support the TOML Foundation mission. Those contributors are provided in Table 6.

That Others May Live Foundation

Annual Report – Fiscal Year 2010

The 2010 IRS filing was prepared by Frye & Wolcott CPAs, Manassas, Virginia, and the Foundation’s financials were reviewed and assessed as acceptable for accountability with the Federal Accounting Standards (see URL for filing: --

www.thatothersmaylive.org/about/documents)

One of the Foundation’s long-term goals is to start preparation for a Better Business Bureau assessment of our abilities as a charitable organization. Preparation formally began in 2010 with the selection of a treasurer to manage the financial aspects of the Foundation; a formal process will be initiated in 2011 to answer all the BBB certification issues.

*In Memory of Lt. Gen. Devol “Rock” Brett
1923-2010*

The Rescue Community and That Others May Live Foundation lost a staunch advocate and supporter in August. Lt. Gen. Devol “Rock” Brett served as an Advisor to the Board and provided the board and staff with valuable contributions and mentorship.

He is sorely missed.

**That Others May Live participated in the following
